Dear Sir,

Pleased to inform you that my two abstracts were selected at International conference on waste management. They conference was originally scheduled in 2020, but due to covid situation it is now converted in online mode.

The registration cost is 550 but as per the trailing mail (considering my request), they have given me significant discount and I can register by paying 150 euros only.

I therefore request you to kindly consider me for reimbursement of this amount as per our institute's policy. I would like to mention that I have not availed this in past 3 years.
