

Strategic Plan

SRICT has a dream to become Centre of Excellence, research based and problems solving institute, producing engineers and technocrats as per the requirement of industries and to be known as one of the best Technical Institutes in the country. Our goal is to be one of the best Technical Colleges in next 10 years, up along with ICT, IITS and the deemed Universities.

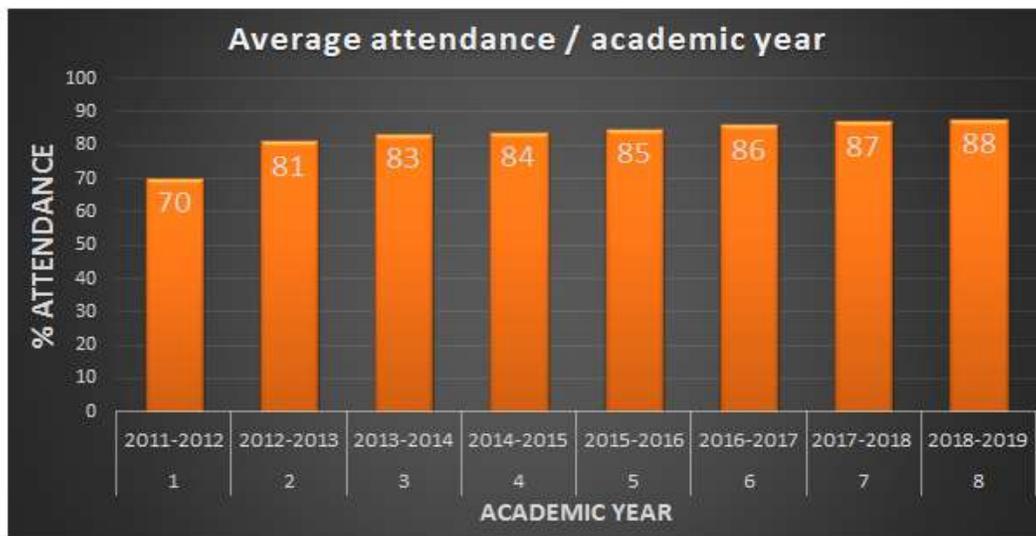

SRICT is committed for its consistent performance in future too.

To maintain consistency in Academic performance of students:

Consistent performance
