

A Brief Report Seminar on “Substation Design, Engineering & Construction”

Name of the Faculty: Praful Chudasama

Department: Electrical Engineering

Name and Place of the Organisation: The Society of Power Engineers(I) Vadodara Chapter, vadodara

Date: 10-11 Oct- 2014

Brief Summary:

A national level seminar on “Substation Design, Engineering & Construction” was organised by The Society of Power Engineers(I) Vadodara Chapter, Vadodara. More than 80 participants were attended one day conference. Many eminent speakers were delivered expertise in field of Substation design and Engineering and Substation construction design criteria with Standards as well as present real case study. It was very good seminar.

A Brief Report on Seminar “ APPLICATION OF ARTIFICIAL INTELLIGENCE AND OPTIMIZATION TECHNIQUES IN THE FIELD OF ELECTRICAL ENGG”

Name of the Faculty: **Ms. Richa Dubey**

Department: **Electrical Engineering**

Name and Place of the Organisation: **Vadodara Institute Of Engineering, Vadodara.**

Date: **19-Nov-2014**

Brief Summary:

It was a State Level one day Seminar, enlightening the concepts of Artificial Intelligence, fuzzy Logic, particle Swarm Optimization in Power System. It was a great opportunity for me to attend the lecture of Eminent speakers like Dr. Bhavik Suthar and Dr. Kartik Pandya, their extraordinary work in the field of Artificial intelligence will help us in research work and teaching.
